

This is James Kilkelly, I am currently attending California Career School. I was a marine for the last 8 years and I wanted a career change. I needed something that was a career, not just a job to get by. I heard about California Career School and their job placement opportunities. I found out I could start earning at least \$37,000 a year...and that's no joke! The best thing about it is my GI Bill paid my tuition. It is a great place for anyone to get ahead. ~~If you want or need a career change, give~~ California Career School a call. 800-499-6585
