

MV FAST FACTS

We Provide Freedom™

The MV Difference

From our humble beginnings as a one-bus operation with three very dedicated and committed employees, MV Transportation has grown to become the largest privately held passenger transportation contracting firm in the United States.

Alex and Feysan Lodde founded MV in 1975. This visionary husband and wife team served as the company's first vehicle operators, dispatchers, road supervisors and managers, and continue to own the company today. The Loddies continue to remain very active in the day-to-day operations of the company: both serve on the company's Board of Directors.

MV is also the largest minority owned and woman owned transportation provider in the USA. Among its many accolades, the company has been recognized by Black Enterprise Magazine for five consecutive years, most recently as the 7th largest African-American-owned industrial/service company in the nation.

It's not just the size of our company that has grown; it's also the scope of our services. In addition to our very success paratransit services, MV offers cities, counties, transit authorities and private companies cost effective solutions in fixed-route, flex-route, commuter service and Medicaid transportation management. In fact, MV contracts with several entities to provide turnkey services, operating all modes of service under one contract.

There is no doubt that our commitment to our partners, our passengers, and our people has supported MV in becoming the largest and most experienced American-owned transportation contracting firm in USA. Today, MV and its subsidiaries operate more than 6,000 transit vehicles in more than 190 passenger transportation contracts, and we employ more than 12,000 transit professionals. Our dedicated vehicle operators transport millions of passengers and travel more than 180 million miles annually.

Significant Milestones:

- 1984** Wins first government contract
- 1985 – 1999** Grows significantly in the State of California primarily operating paratransit services for local governments
- 2001** Wins first contract outside of California
- 2004** Named one of America's fastest-growing private companies by Inc. Magazine and makes debut on Black Enterprise Magazine's B.E. 100 list as 16th largest Black-owned company in the U.S.
- 2004** MV wins Microsoft employee shuttle contract
- 2005** Awarded \$500-plus million contract in Washington, DC, largest in company history
- 2007** MV receives Quality Service Award from Microsoft Corporation, one of six companies to receive this honor out of 15,000 Microsoft vendors and contractors
- 2008** MV wins TransLink paratransit contract in Vancouver, British Columbia; the company's first contract outside the United States.

We Provide Freedom™

DRIVERS

(Fixed Route or Paratransit)

Job Description

Fixed Route Vehicle Drivers and Paratransit Vehicle Drivers are responsible for safely operating a transit and/or van-type motor vehicle. The primary objective for all Drivers is to provide safe, reliable, and efficient public transportation. Successful applicants must have a neat appearance and sincere desire to work with the general public. Must be a go getter and self motivated.

Duties:

- Loading and unloading of passengers on vehicles.
- Transporting of passengers that are either senior citizens and/or persons with disabilities.
- Four point securement of wheelchairs and scooters.
- Escorting passengers from vehicle to/from first portal of locations.
- Radio communication of transport details with dispatch.

Requirements

- Successful applicant must be able to pass a pre-employment drug screen and DOT physical.
- Must be able to pass random drug testing.
- Must be at least 21 years of age.
- Must have a CDL of any class w/ Passenger endorsement or a CDL permit with Passenger endorsement.
- Must possess a clean driving record.
- Must have no more than 2 (two) moving violations in the last 5 (five) years.
- Experience with fixed route and/or paratransit operations a plus (some Divisions will provide training).
- Must possess a VTT or school bus certificate (requirement for some Divisions).
- Excellent attendance record.
- Excellent verbal and written communication skills.
- Excellent decision-making skills.
- Ability to present an H-6 printout from DMV at the interview.
